

Immediate Release: Phthalate Compliant USPSC

Worldfloorsdirect.com's WPC Flooring Products have passed all phases of The US Consumer Product Safety Commission Testing Method CPSC-CH-C 1001-09.3. What this means is that our WPC flooring is in total compliance with the current regulations set forth by the US Product Safety Commissions regulations concerning Phthalate.

Customers purchasing Worldfloorsdirect.com's WPC flooring products should have full confidence they are offering purchasing flooring that meets the US standards for this chemical.
